

PZ Math: August 12 - 16, 2019

Calculus Prep Camp

Westport, CT

All the tools you need for success.

PZ Math Calculus Prep is a one-week camp that will prepare you for all the rigor of the AP Calculus curriculum. Our unique approach blends the development of a deep understanding of the big picture of Calculus with the strengthening of important foundational skills. With constant practice and individualized feedback, we'll guide students through the two primary areas of Calculus while reinforcing all the required skills in algebra and trig. Beyond content, students will learn powerful problem solving techniques and logical reasoning skills to apply in Calculus and beyond! Westport, CT.

Register by May 31 for discounted rate!
