

2022 PZ MATH CAMP

Recommendation Form: Must be received by April 15th, 2022

Thank you for agreeing to serve as a reference for the PZ Math Camp at Williams College! Recommendation letters play a crucial role in admission decisions. In your letter, please indicate whether this is a personal or academic reference. Please also include the information mentioned below (you do not need to submit this form, however, it is enough to include the info in your letter.)

In addition to math ability, potential, and creativity, we are very interested in hearing about the student's emotional maturity, work ethic, character, and overall ability to contribute positively to the math camp community.

Please submit your letter of recommendation online through the mathprograms.org website. You will receive an email with a link to the site.
